2011 AIRCRAFT REGISTRATION CONFERENCE

Aviation Transactions in Transition

February 3-4, 2011 in Naples, Florida

**Naples Grande Beach Resort,
The Waldorf Astoria Collection**

Dear Friends and Colleagues,

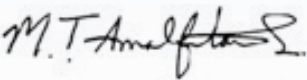

As the long-time co-chairs of an annual conference on FAA, Cape Town and other aviation issues, we are pleased to inform you of an exciting new development designed to enhance your aviation conference experience. We have worked with the National Business Aviation Association (NBAA) to create and produce the 2011 Aircraft Registration Conference, an information-packed two-day event for the aviation industry, developed and supported by the aviation industry. Much thought and consideration has gone into this decision, and at a time when budgets are tight, we remain committed to developing the highest quality educational content, featuring industry-leading presenters for each topic, while providing great value at a reasonable cost.

The NBAA is recognized as one of the preeminent not-for-profit aviation industry organizations with a wealth of experience in producing conferences that address your needs as attendees, sponsors, exhibitors, and speakers. This is particularly important for our 2011 conference in light of the many developments pertaining to aircraft registration (including the new rule requiring the re-registration of the US fleet over the next three years), financing and leasing aircraft, the Cape Town Convention and related issues.

Please join us in Naples, Florida for what promises to be one of the industry's leading annual events.

We realize you have many industry seminars, conferences and events to choose from and we will work hard to make the 2011 Aircraft Registration Conference the best choice for an informative program that combines industry insight, market knowledge and contact networking in a fantastic setting.

With warm regards,

Michael Amalfitano
Bank of America Merrill Lynch

Frank Polk
McAfee & Taft
