BIOGRAPHY

Terry Barrett's oil and gas experience began in his teens as a roughneck in the oil fields of southern Oklahoma. His undergraduate degree in petroleum land management at the University of Oklahoma was a natural progression from this beginning, as was his law degree, also from the University of Oklahoma, where he received several oil and gas law-related academic and writing awards.

Since joining McAfee & Taft as an associate in 1973, and becoming a shareholder in the firm in 1977, Terry has been involved in providing legal assistance involving virtually every aspect of the industry, from advising and working with clients in their day-to-day operations and the multitude of agreements affecting those operations to handling extremely large acquisitions and sales of producing and non-producing properties and related assets. The nature of Terry's practice is such that he is also routinely involved in advising and representing clients regarding a multitude of tax, litigation, environmental and all other concerns implicit in conducting operations within the oil and gas industry.

His achievements have earned him inclusion in the *Chambers USA Guide to America's Leading Lawyers for Business*, *The Best Lawyers in America* (natural resources law and oil and gas law) and *Oklahoma Super Lawyers*.

Prior to entering law school, Terry served two years as a lieutenant with the U.S. Army in California and in Viet Nam and one year as a landman for Mobil Oil Corporation in Oklahoma City. He continued his land position with Mobil on a part-time basis during his law school studies until joining McAfee & Taft as a law clerk in 1972.

REPRESENTATIVE EXPERIENCE

- Representation of individual oil and gas producers and both small and extremely large oil and gas producing companies.
- Representation of both buyers and sellers in extremely large oil and gas asset and stock acquisitions.
- Representation of clients in numerous oil and gas regulatory actions.
- Involvement in complex oil and gas litigation.
