

Chase C. Webb

Associate

(405) 552-2280 | chase.webb@mcafeetaft.com | Oklahoma City

Overview

Chase Webb is a registered patent attorney whose practice is focused on intellectual property counseling and transactional matters involving patents, trademarks, copyrights, licensing agreements, and trade secrets.

As part of his intellectual property transactional practice, Chase handles a wide array of licensing and other transactional matters involving intellectual property assets. He has assisted numerous clients negotiate and draft software licenses and other data sharing and privacy agreements. Chase routinely assists clients with the clearance, prosecution (searches, opinion letters, filing, prosecution, appeals and maintenance of applications and registrations), and enforcement of a wide array of intellectual property, including patents, copyrights and trademarks. His enforcement practice includes handling online and social media disputes, litigation, and assisting clients in proceedings before the U.S. Patent and Trademark Office.

Chase's practice also includes identifying, evaluating and managing risks associated with clients' privacy and cybersecurity issues and advising clients on implementing privacy policy frameworks, data breach notification procedures, and compliance with state, federal and foreign privacy laws. He has assisted clients with security incidents and breaches and routinely revises and drafts terms and conditions and privacy policies for clients' websites and businesses. Chase's experience also includes helping clients navigate various state and federal sales promotion and advertising laws and developing and drafting rules governing sweepstakes and contests.

Prior to joining the firm, Chase was a registered patent agent with the U.S. Patent and Trademark Office.
